

Sea Island Summit
Primary School Lessons for Teaching About the G8

Lesson Two

Leaders of the Sea Island Summit

Activity 1

Who are the leaders representing each nation at the Sea Island Summit?

Objective

Students will become familiar with the background of the leaders representing each nation at the Sea Island Summit.

Resources

- Leaders of the Sea Island Summit Data Sheet
- School media center reference materials (optional)
- Internet access for the following websites:
<http://g8usa.gov>

Introduction

A leader will represent each of the countries attending the Sea Island Summit. The Summit is an informal event and, leaders will have the opportunity to discuss many issues of importance to their nations.

Task

In this activity, students will examine the leaders attending the Sea Island Summit to learn basic facts about each leader and his country.

Process

In a computer lab setting, have students access the Sea Island Summit website <http://g8usa.gov>. Demonstrate how to click Information, Member Information, and a country's name. Click the name of the leader attending the Summit for their assigned country. From this information, students should be able to complete the data sheet.

After students complete the data sheet, have them print a copy of the leader's picture. As in the previous lesson, right-click on the picture and choose "Print Picture" (older web browsers will require users to click File and choose Print, to print the entire page).

Have students take their pictures and data sheets and return to their classroom. Each child will then cut out the printed picture of their leader and paste it on the data sheet.

Discuss with students the different characteristics of these leaders. Display students' work with their collages and flag display.

Leaders of the Sea Island Summit Data Sheet

Instructions: Complete the data items below. Use the websites your teacher gives you to find the information. Paste a picture of your leader at the bottom of the page.

Country:

Leader's Name:

Job:

Birth date:

Family:

Paste picture here.
